

USTA Team Captain Agreement

I, the team captain, understand that each player on my team roster must be a current USTA member, has a current NTRP computer rating (or has truthfully self-rated) and each player has met all eligibility requirements to play at this NTRP level and age group.

As team captain, I have informed all team members of our obligation to abide by the current year USTA League Regulations, USTA/Mid-Atlantic Regulations, Greater Richmond Tennis Leagues Procedures and the standards of good conduct, fair play, and good sportsmanship as addressed in The Code, The Players' Guide for Unofficial Matches. USTA Mid-Atlantic League participants are expected to compete with the true spirit of sportsmanship and embrace the responsibility for fair play.

All regulations can be accessed on our website www.richmondtennisleagues.com My initials acknowledge that I have communicated these things to my players and that I will hold myself and my players to the above standards.
